1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Eugene Lieberstein on 2-6-04.

The application has been amended as follows:

Cancel claims 21-23 as being drawn to non-elected inventions.

2. Claims 25-41 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The prior art teaches methods for producing multilayer structures having a defined geometrical orientation from at least a first main layer and a second main layer wherein the first and second layers have corresponding first and second stress adaptation layers. The first and second main layers are assembled into a predetermined geometrical orientation via the stress adaptation layers which exerts stress on the main layers. However, the prior art does not teach or suggest that the geometry of the structure can be manipulated by varying the thickness, number and adherence of the stress adaptation layers. Instead, the prior art such as Nakazato (EP 0410679) teaches manipulating the main layers such as by pre-warping or by thinning in order to achieve the desired geometry in the final structure.

Art Unit: 1775

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry to this communication or earlier communications from the Examiner should be directed to Jason Savage, whose telephone number is (703)305-0549. The Examiner can normally be reached Monday to Friday from 6:30 AM to 4:00 PM.

If attempts to reach the Examiner by telephone are unsuccessful, the Examiner's supervisor, Deborah Jones, can be reached on (703)308-3822.
